British Inf. to Train at Camp Grayling

This year as part of a unit exchange program, a British Infantry unit will be coming to Michigan to train with the Michigan Army National Guard. A composite unit made-up from the Yorkshire Territorial Army, the Queen's Own Mercenary Yeomanry, will arrive on June 5 and train with units of the 1st Battalion of the 125th Infantry at Camp Grayling through June 19.

The British unit will be flown to Wurtsmith Air Force Base on a Royal Air Force VC-10. The RAF plane will then take 120 members of the Saginaw based Company B, 1-125th Infantry to England for their part in the exchange training program.

During the first week at Camp Grayling, the combined U.S. and British units will be training on various 24-hour situational problems. The second week will find them in the field for training exercises in that environment.

Media representatives wishing to arrange for coverage should contact Major E. Robert Zarwell, 126th Public Affairs Detachment, Michigan Army National Guard at (313) 682-7770.

Grayling Man Arrested In Connection With Car Theft

A Grayling man was arrested May 20 in connection with auto theft from Gladwin County on Oct. 31, 1981. The car was allegedly taken from a bowling alley/bar. The auto was recovered after Sheriff deputies received information from a Grayling citizen.

In other county law enforcement news, James Walsh, 44, of Grayling, was found guilty of felonious assault in a Circuit Court jury trial before Judge William Porter on May 18. The charge stemmed from an incident in Beaver Creek on Oct. 25, 1982.

County Land Included In June Oil & Gas Auction

A total of 2,669 acres of state land in Crawford County will be on the auction block June 8 as the state leases oil and gas rights for its property in northern Michigan.

Most of the leases for sale in the county are for Grayling Township lands. A total of 2269 acres are listed in the auction for that township, with most of the parcels in the 80-acre to 160-acre range.

South Branch Township has 240 acres on the auction block and Lovell Township has 160 acres listed in the state auction.

The state has reaped millions from earlier auction sales of leases for oil and gas rights on state-owned lands. The auction will be held in Lansing beginning June 7 with information meetings and ending June 8 with the bidding.

2 Camp Shawono Walk-a-ways Caught

Crawford County Sheriff deputies captured two Camp Shawono walk-a-ways May 17 and they were petitioned into Probate Court on charges of breaking and entering an unoccupied building. Deputies discovered a breaking and entering in progress at a trailer located off Howes Lake Road in Frederic Township. A neighbor had called the Sheriff dept. about suspicious persons in the area. The two youths were also questioned about the larceny of a pulpwood skidder taken from the Howes Lake area.

ARMORY RIBBON-CUTTING—Cutting the ribbon at dedication ceremonies for the new Camp Grayling armory was Crawford County Commissioner Jeannette Kitchin assisted by State Representative Ralph Ostling and Grayling Mayor Sandy Thompson. Major General John A. Johnson,

far left, 1st Sergeant Harold "Tike" Golnick, retired Colonel Edmund Rutkowski, and retired Colonel J.R. Lippert, on right, watch the ribbon-cutting for the new \$920,000 armory. About 346 military personnel are assigned to the new armory.

New \$920,000 Armory Dedicated

More than 200 persons attended dedication ceremonies last Friday for the new \$920,000 Camp Grayling armory.

Guest speaker Major General John A. Johnson said Camp Grayling was a very important training site in the overall picture of U.S. defense and he said more facilities may be built here in the future.

Construction for a \$2 million-plus ammunition dump could begin this summer and military command has another \$50 million in facilities on a "wish list" for Camp Grayling, he said.

Johnson also said the Camp Grayling training site has already been designated a federal mobilization site. The Army Corps of Engineers has \$50,000 in their budget to make plans for Camp Grayling improvement. Johnson said the improvements will not come in the immediate future but "hopefully in the not too distant future."

By training two active army units, army reserve, guards from three states, and units from Canada and England this year, Johnson said Camp Grayling is a big part of the total role of defense in the country. Besides a payroll of approximately \$12-15 million brought in from training units, the camp has a payroll of \$4½ million annually for daily workers.

The new armory, a 25,000 sq. foot masonry building, was funded 75 percent by the federal government and 25 percent by the state. Camp Grayling Commander Ivan Gwilt said the armory will not only serve as a facility for National Guard units but it will provide the community with a facility for civilian use.

New Jail Codes Handcuff County

By Jon Thompson

Michigan Dept. of Correction codes may cost Crawford County \$52,000 to add on a required indoor exercise room.

County officials are handcuffed by state and federal codes mandating certain facilities at the jail. One inmate filed suit against the county over jail conditions and several attorneys have complained about conditions for their clients in the Crawford County jail. The jail, only 11 years old, is already outdated because of the new state codes passed in 1975, new federal codes issued in 1980, and another set of proposed state codes due soon.

At their May 11 meeting, county commissioners were presented with a plan to build the multi-purpose exercise room by MJK Architects of Gaylord and Lansing. Commissioners said

they would study the plan for the 600-square-foot room estimated to cost \$52,000.

They will meet with a MJK representative at their May 27 meeting to discuss changes in the exercise room plan.

Commissioners were also presented with renovation plans and a new jail proposal. An overall plan to renovate the existing facility and add cell space to upgrade the county jail to state standards would cost about \$805,000.

Plans for a new jail estimate costs at \$1,700,000. The MJK proposal said a new facility would cost about \$9,400 a year less to operate than a renovated facility. Total cost for a new facility over ten years is estimated at \$6,300,000. Initial construction would be \$1,700,000, ten-percent interest paid over ten years on that \$1.7 million would be \$1,600,000,

and operation costs would total about \$3,000,000 for the ten years.

Commissioners also took these proposals for study, emphasizing no commitment has been made toward any of the plans.

The MJK study of the existing 7,800-sq.-ft. jail facilities said the county jail is required to have another 7,234-sq.-ft. of facilities. Besides lacking an indoor exercise room, the jail needs high security cells, female and juvenile cells, improvements in the segregation room and chapel/classroom/library, and more space for many existing facilities.

A state inspection in June, 1980, cited the jail for not having a holding cell, having no medium security cells, no medical exam and treatment room, and said it needed a controlled visiting area and better public accommodations.

The MJK study noted improvements can be made in heating the building. There is little or no insulation in many parts of the jail portion and heating costs run \$2,800 to \$3,100 a month at the county building. The radio room in the jail has poor ventilation as well. The only way to cool the room is to open two doors jeopardizing security. The inadequate ventilation leads to constant servicing of the radio and communication equipment in the room. Another area for improvement is the intake area. Currently, persons are booked in a corridor between the garage and cell area. The study suggests more space is needed all around the jail including a squad and equipment room which is located in a former bedroom of an area once used as Sheriff residential quarters.

Memorial Day Sends Tourists North

By Jon Thompson

Memorial Day Weekend is here - the traditional time the traffic spigot on I-75 and U.S. 27 opens wide allowing a steady stream of travelers from southern Michigan to flow north.

All camping sites at Hartwick Pines had already been reserved by May 20th and a large number of day-use visitors are expected. The Hospitality House Motel reports reservations indicate it could be a very good weekend.

Steve Southard, of Ray's Canoe Livery, said canoe business will depend on the weather this weekend.

"Three years ago, we had three 80 degree temperature days and we were sold out all three days. Last year, we had rain one day and cloudy weather and we didn't sell out one day," he said.

Southard said Memorial Day isn't a good weekend for reservations at canoe liveries because many people come up for three days without planning out what they're going to do here.

Tourists already have visited Hartwick Pines in good numbers this year. A total of 18,000 persons have visited the tall timber since Jan. 1. Sunday, May 16, more than 600 persons visited.

"Operation C.A.R.E." In Effect for Memorial Day Weekend

State Police Director, Col. Gerald L. Hough, said "Operation C.A.R.E." (Combined Accident Reduction Effort), the department's summer holiday weekend traffic safety program will again be in effect for Memorial Day weekend.

State Police said 12 persons lost their lives last year over the Memorial Day weekend on Michigan highways, and none of those killed was wearing a safety

ed or were camping at the park, Park Manager Joe Martin said. Camping totals and school groups visiting the park have been about the same as last year. Day-use has been down slightly because of the late spring.

Motor use permits sales at the park has increased this year and Martin said he's glad. The park has to raise more than 75 percent of its own revenues this year because general fund contributions from the state are shrinking.

Joe Wakeley, of Jolly Redskin Canoe Livery said the first 20 days of May has been quiet for renting canoes. He said he couldn't tell if the downstate economy was keeping people home or perhaps the late winter pushed back canoeing plans a couple of weeks later than usual.

Carr's Canoe Livery said some downstate canoeers were cancelling reservations here in the first three weekends of May because of rain in southern Michigan. Carr's reported reservations for Memorial Day Weekend were down from last year but reservations for June outings have increased over last year.

Shoppenagons Motel, in downtown Grayling, reported a good number of tourists for May - a slight increase from last year.

Michigan Department of Labor, contributed enormously to the success of the project.

Tony Moore, General Manager of the Grayling Weyerhaeuser Structurwood Plant said, "We are extremely pleased to be part of a cooperative effort involving private industry, the State of Michigan, and Kirtland Community College to assist in the selection and development of people to work in a high technology manufacturing facility. Programs of this type are very important in attracting new businesses to Michigan and helping private industry defray the high initial cost of starting a new business in light and non-industrial areas."

Others that assisted in the project were the COOR Intermediate School District, the Michigan Employment Security Commission, and the Northeast Michigan Manpower Consortium.

**Vikes Win
1st Round**

Grayling, behind the pitching of Brad Trenary, shut out Roscommon 2-0 in the first round of state play last Saturday.

Trenary struck out eight, gave up only four hits, and didn't walk a batter. Wolcott said the Viking senior has pitched well the entire year. He plans on going with Trenary pitching this Friday when Grayling meets Houghton Lake in their second game in state tournament play.

Grayling scored the game-winning run in the first inning. Jamie Radebaugh singled and Monte D'Amour rattled the right-center fence for an RBI double.

Trenary helped his own cause in the sixth leading off with a double. He took third on a passed ball and scored when he escaped a run down after a suicide squeeze play misfired.

Craig Townsend, pitching for Roscommon, limited the Vikings to four hits.

Grayling takes on Rogers City Thursday before Saturday's tournament game.

Against Gaylord last week, Grayling dropped a 6-4 decision after giving up five runs in the last inning on five walks, two errors, and two scratch singles.

Grayling took a 4-0 lead in the third inning when Jack Money singled, Terry Norman and Mike Hickey both reached base when Gaylord couldn't handle their sacrifice bunts, David Burr hit a sacrifice fly driving in a run, Jamie Radebaugh followed with another RBI sacrifice fly, D'Amour doubled Hickey home, and Trenary finished the scoring with a double knocking in D'Amour.

Gaylord got one run in the six on a walk and two singles.

Grayling won the J.V. contest against Gaylord 4-2 behind the pitching of Ken Lademan.

From Our
Corner ...

Weekly weather report...these make it easy in starting our corner each week...it's the rest that is troublesome...our area finally got the soaking rain that we have needed for the past three, four weeks Saturday night, the problem we could have had warmer weather along with the rain...it was a cool 50 Sunday that curtailed a lot of weekend fun and frolic...it didn't stop our bride from going 9 holes Sunday afternoon, really I can't figure out what kind of weather in the summer time it would take to stop her and Gloria from going to the golf course...

For our readers who remember a few issues back when we mentioned in our column about a fellow winning a dogsled race in Alaska and the article mentioned he was from Grayling...we asked if anyone knew if there was a Grayling, Alaska? We received the following letter in the mail last week that removes all doubt...

Whitey,

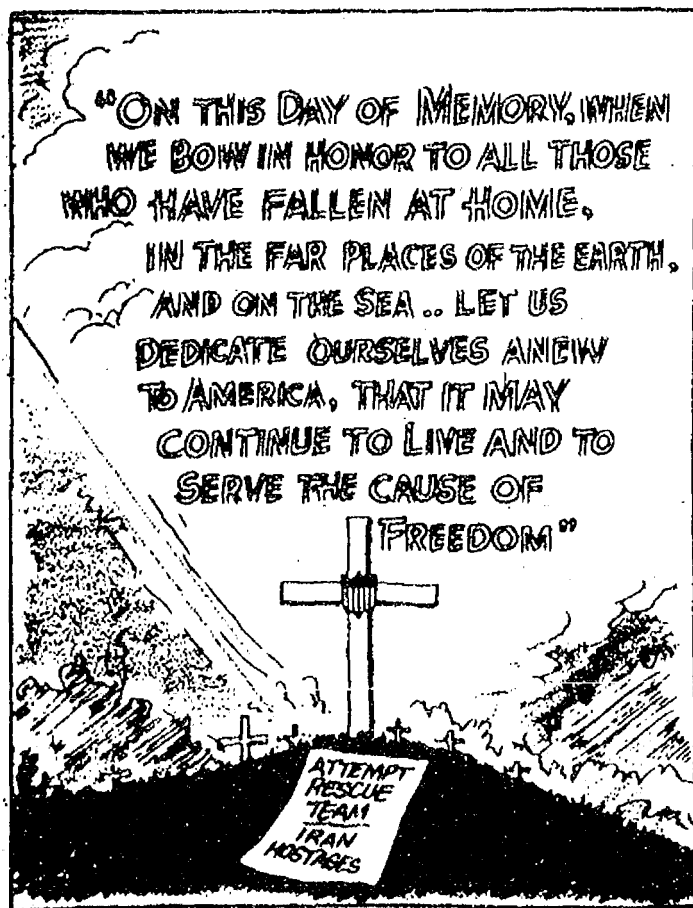

Yes, there is a Grayling, Alaska.

I am originally from Grayling, Michigan currently living in Eagle River, Alaska.

One day I was shopping and I had a Grayling Varsity tee-shirt on and an Eskimo lady came up to me & said she was too. Well since I had lived in Grayling, Michigan for 25 years I'd never seen any Eskimo's, we continued to talk and come to find out she was from Grayling, Alaska. I sure know now, there are two Grayling's.

Sincerely,
Wendy Weiss Weaver

A friend indeed, that's Harold "Spike" MacNeven...Spike arrived in Grayling from his winter home in Mesa, Arizona last week and dropped into the office bearing a gift...Spike brought us a six pack of Rocky Mountain orange pop...he told us he had to go out of his way to bring it to us as he had to go from Mesa to Colorado to get the real pure orange pop made from Rocky Mountain oranges...now we feel that is quite a jester of friendship...but then we have known Spike from the day we arrived in Grayling following WW II, and lived next to his mother for many years...anyway, thanks Spike for looking out for the ol' fella, we really enjoyed the orange pop while we were in Nevada last winter...

Once again we are approaching one of the most important days of the year...next Monday, May 31st the nation will celebrate Memorial Day...the day one stops and pays respect to those we knew who paid the supreme sacrifice while serving their country...the American Legion Post 106 will be in charge of the activities for the day...let it be a day we "lest forget" for the many...

We could ramble on, but no one really wants to know our problems, so we will say goodnight T.J., Stef and Amber, and to all our readers, have a nice safe, sane Memorial Day weekend...we want all of you to read next week's corner...

Mrs. Oscar Smith entertained eight little friends of her daughter, Dorothy, at an afternoon party Thursday, celebrating Dorothy's tenth birthday. Games were enjoyed and Mrs. Smith served a delicious lunch. There was a birthday cake and Dorothy received many nice gifts.

Complimenting Miss Margrethe Hemmingsen, some of her friends arranged a pleasant surprise party at Danebod Hall last evening. Miss Margrethe will soon be leaving on a trip to Denmark & the party was to bid her bon voyage. The lunch table was centered with lilies-of-the-valley, surrounded by ships; and place cards and favors were cleverly carried out in anchors, life-savers and other things pertaining to a ship. There were some 30 ladies present, and the guest of honor was presented with a lovely gift.

Dr. Don M. Howell of Alma was in Grayling over the weekend trout fishing and calling on old friends.

Guests over the weekend at the home of Mr. and Mrs. Dewey Palmer were Mr. and Mrs. Marion Burtch and Harry Lunger of Bay City. Sunday the gentlemen made a canoe trip down the AuSable and enjoyed the fishing.

Mrs. Rasmus Bay, who with her husband and son went to Denmark last summer to visit, has sent a rug from there which she made herself. She sent the rug to her sister-in-law, Mrs. R. Hanson, as a donation to the Danish Lutheran Church to be placed in front of the altar.

Herbert Oaks of Flint arrived on the morning train Monday and is visiting friends here for a few days.

M.P. Olson has sold his fine heavy team to T.W. Hanson, who will use them at the mill.

The work of making an official geological map of the Portage Lake military camp grounds is being pushed forward rapidly.

N.P. Olson has purchased the 40 acre farm belonging to Peter E. Johnson, adjoining his on the south side.

Fifty thousand grayling arrived from the commissioner on Tuesday and were planted in the spring brook on lands owned by W.B. Mershon at Lovells.

The Misses Bates, Bement, Burrows, Hendrickson, Magnant, Judge, Murray, Ross and Smith of the A.O.O.G., enjoyed a slumber party at the Bates residence on Michigan Avenue, Tuesday night. Lots of fun, good eats, and pleasant dreams.

The Bible Speaks

From Calvary Baptist Church

BILLY GRAHAM
IN RUSSIA

It is not the intention of this writer to criticize Billy Graham, but to examine why he chose his present course. The national news media have exposed the sad details of his UnAmerican and proCommunist thinking and actions while in Russia.

Billy Graham began as a sincere Baptist evangelist who preached the truth from the Bible. He believed God had called him to be more than a Baptist evangelist, so he became ecumenical in his outreach. He worked with all religious people and organizations in his effort to reach the nation. He became the informal and unofficial religious high priest of America. He limited his Bible message to broaden his religious following.

Billy Graham now believes he is called of God to be evangelist to the whole world. Just as he had to compromise his religious convictions to become the most popular religious leader in America, so also, he must now compromise his identity with America's political and socio-economic systems to reach the communists in Russia and the lost peoples of the third world nations. Just as he sacrificed his religious convictions on the altar of national acceptance, he is now sacrificing his patriotism and love for America for international acceptance.

How could a Bible preaching, sincere, and dedicated servant of God be found in such a position toward the close of his ministry? I would not judge Billy

Graham and accuse him of vanity as the media has done. I believe he started his ministry in a sincere manner. He is perhaps the most gifted orator preaching God's Word in our century. Since I do not have the gifts and abilities of Billy Graham, it is impossible for me to know the temptations and motives involved in his errors. God is his judge.

God's provision to avoid such problems is the local New Testament Church. When any person feels the church has failed and starts some other kind of organization to do the work of the local church, he leaves God's ordained organization for orderly ministry.

We at Calvary Baptist Church of Grayling believe each of our individual ministries are controlled by and representative of the entire body. We have our roots permanently set in Grayling. God has made us first responsible for Grayling. We are pleased to serve Grayling. We have no desire to move our church from Grayling, Michigan or the United States of America. We are not ashamed of Grayling, Michigan or America. We shall strive to reach into all the world with the gospel of Jesus Christ, but our roots remain in Grayling. Pastors and people may come and go, but the local body remains identified with Grayling. It is our prayer and desire that more people of Grayling will be drawn of God into an acceptance and identity with our Bible-based ministry. We remain, in the heart of Crawford County, with Crawford County on our heart. (adv.)

Trout Hunting
From the Manistee to the Mainstream to the East Branch, North Branch & South Branch fishermen seem in full swing testing their skills & flies against the wit of the elusive trout. So far it appears the trout lead the initial round as many fishermen are getting more exercise than trout. If you're one of those fishermen that are interested in catching more trout & exercising less, the Old AuSable has just the right combination for you. Try our special tied "Sulphur Dun" and a riverboat trip with one of our native guides. Our flies are really catching trout - just like our guides. Stop by, we know just where to catch 'em.

Continued Weak Economy Leads to Downgrading of State Credit Rating

Warren M. Hoyt, Executive Director, MPA

Even though the Legislature approved the controversial six-month income tax increase, a weak economy has dropped Michigan's credit rating to the lowest of any state meaning it and most local governments and schools will pay higher interest rates on the money they need to borrow.

Also for the state, it means it will have to delay payments to schools, colleges, and local governments this fall if it is unable to recapture a higher rating for its short term notes.

State Management and Budget Director Gerald Miller said the delay or revised schedule of payments, if necessary, would likely mean payless paydays in some schools or governments which already have precarious budgets of their own.

He said the reduced credit standing by Moody's Investors Service of New York, would mean interest rates on borrowed money will be one-half to one percent higher than with the prior rating.

Clair Cohen, vice president for municipalities at Moody's, said Michigan's high unemployment and weak economy, which have existed longer than in other states, were the primary reasons for rejecting the state's appeal on the lowered ratings.

The new ratings are Baa-1 for the state overall and Baa for the state building authority, both down from A, and MIC-3 for state short term notes, down from MIG-2. The preliminary ratings for the state itself had also been Baa, but it was raised the half step to Baa-1 following the appeal.

Although the ratings were dropped, Cohen said the Legislature's enactment of the temporary income tax "currently was a consideration. The state had to make some choice to balance the budget, but it was applicable only to this year."

And she said in many ways, the situation is out of the hands of state officials.

"It is a national problem and Michigan is the most severely affected state. Certainly Michigan has no control over federal policies and interest rates. The deterioration in Michigan has been going on longer and it is deeper."

Moody's also recently has dropped ratings of Minnesota and Washington states.

Cohen also said Michigan fared worse than other states hard hit by high unemployment and a generally weak economy because the revenue levels were not at the level that were budgeted and the state has higher month-to-month cash deficits than any other state.

Governor William G. Milliken, although expressing disappointment with the action of Moody's, said it was not a reflection on the management of state government.

"Their decision again points up the need for us to pursue aggressively our efforts to revive the Michigan economy through economic development efforts," he said.

Despite the dropped ratings, Miller said officials will try in September to regain the MIG-2 rating for a new \$500 million short term note needed to meet early cash commitments to schools, colleges, and local governments.

He said his hopes rested on a slight improvement in the economy and passage of a conservative budget which contains a slight surplus.

Miller added the governor would soon submit a substantially revised 1982-83 budget proposal which makes his January recommendations inoperative. He said state services would be cut and some additional state layoffs may be required.

Century 21 Hosts Special Open House

On Thursday, May 13, Ruth Steffe and Century 21 River Country hosted an open house and luncheon at the home of Dr. and Mrs. B.E. Henig, 604 Peninsular Street, Grayling. The private showing was arranged to acquaint local real estate brokers and associates with the Henig house and its gracious amenities.

This one-of-a-kind home has had just two owners. It was built by Rasmus Hanson about 1890. The excellent and detailed workmanship of yesteryear is still very much in evidence in every room today. The spacious front hall entry features a grand stairway with hand carved oak lattice and close set spindles. The original paintings of Waldemere Jensen on the front hall and stairway are mellowed with age but in excellent condition. There are five unique fireplaces with imported marble and exquisite detail. Elaborate leaded cut glass and original stained glass windows are a few of the special features of this fine home. The property has a handsome two-story carriage house.

Attending from Cornell Realty, Inc. were John Naour, Norma Naour and Craig Hinkle. Representing Art Clough Real Estate were Phil Duncley, Bill Bonkowski and Kathy Rakocz. Century 21 River Country personnel attending were Pat Lawrence, Jim and Kathy Cybart, Robert and Ann Shingledecker, Barbara Shepard, Sandy Thompson, Carol Thompson and Ruth Steffe. Grayling Real Estate was represented by Hal Walker.

Doodles From The Tall Timber

Wendell L. Hoover Park Interpreter

Road-killed animals and birds are all too common, especially during the summer when population densities increase. Many such accidents are unavoidable, but the shame is that the car kills not only the common species but endangered species as well. Car-kills probably are greater State-wide than the take from hunting seasons.

Not often do I find an owl killed by a car, but recently I found a Barred Owl. It was dead, of course, and so badly damaged as to be worthless as a mounted specimen. The Barred Owl prefers low, wet woods or swamps forest to nest and hunt in. Somewhere in the tall timber there is a hollow tree with a nest which by this time should have two to four young in it. The one surviving adult is going to be hard pressed to keep them supplied with mice and other rodents, small birds, and crayfish.

The Barred Owl is large and stocky, being twenty to twenty-four inches long with a wingspan to fifty inches. The owl is gray-brown with cross barring on the neck and breast and with streaks on the belly. There are no ear tufts and the hooting is a loud, barking "hoo, hoo, hoo, hoo, hoo, hoo-hoo-aw!" which adds a memorable addition to a walk in the Tall Timber during the early evening.

Girl Scout News

On May 6th and 13th the girl scouts from Mrs. Nunn's troop and brownies of Mrs. Greene's troop, went to Margie Olson's farm. There they learned the different kinds of horses, the different parts of a horse, how to groom, saddle and bridle a horse and she let them ride bareback and saddle back on two of her horses alone. She taught them for 4 hours. She also showed them her barrel racing horse and the different patterns he races. All 26 girls will receive badges for this experience. RSVP Reports

Sherry Haag,
Director

Welcome to news of the Retired Senior Volunteer Program. May is Older American Month. On behalf of the 39 stations and thousands of people who benefit from RSVP service hours, I'd like to say Thank You to all the members who have given of themselves and their time and talents to give aid to the community in which they live.

Aging Together is the theme of this year's Older American Month. The theme points to the linkage between generations of young, middle age, and elderly people. It underscores the idea that the support we provide to older people today will benefit all of us tomorrow. The theme is reflected in the intergenerational portrait that appears on a commemorative stamp the U.S. Postal Service will issue on May 21 in Sun City, Arizona.

RSVP enables the areas agencies to develop volunteer opportunities specifically for older adults and to provide assistance for out of pocket volunteer expenses. RSVP recognizes May as an appropriate time to renew our commitment to the senior population by helping them to give or receive services. Now is the time to encourage commercial and non-profit organizations to help increase public awareness of the needs and contributions of Older Americans. Attention should be directed toward Older Americans and their activities, which include volunteer work. What you do as a senior volunteer speaks loudly to all in our community. So take pride in your years and in your volunteer service.

In Crawford County, the Retired Senior Volunteer Program is getting into full swing for the summer.

We'll be setting up a schedule for the Historical Museum. If you're interested, give us a call at 348-4341 or 348-8322.

June 5, RSVP will be having a table at the Grayling State Bank Corvette Show. We will be selling cards and match boxes. If you'd like to help, please give us a call.

The kitchen plaque project is moving into assembling stages. If you're interested in helping with these, please give us a call.

We know with the lovely weather everyone has lots to do, and we appreciate the time you take to volunteer.

Letter to the Editor,
My husband and I retired and moved from downstate to this "Beautiful" North Country less than a year ago. We enjoy the "Avalanche" very much and especially enjoyed "From Our Corner" in the May 20 edition, and are pleased that someone besides ourselves has taken the time to notice the destruction that is being done to our countryside. Believe me, there are many places, besides the ones mentioned, that look just terrible.

Between the woodcutters, the junk dumpers, and the National Guard, Crawford County is losing its beauty fast. The Guard are running over trees and cutting up all the nice trails through the woods so that people cannot get to the lakes and streams or even go for a ride through the woods without a 4 wheel drive. (We cannot all afford 4 wheel drive vehicles.)

Crawford County thinks their economy is bad now, just wait until all the retirees and vacationers start passing it by. Take this, as you will, from one who knows what it is like to live where there are no beautiful trees or wildlife!

Yours sincerely,
Mrs. Julia Ganun

Strolling Around Town

By Fay Bovee

If you were looking for beauty and the sweet scent of flowering shrubs in Grayling this spring, it was easy to find. Someone stated that this was the best spring in 9 years and if you measured it in blossoms, they may be right. The lilacs, flowering crab, redbuds, and apple blossoms have been so abundant that it is difficult to tell whose were the most beautiful. I couldn't possibly mention everyone's. So to everyone that has a yard full of blossoms, a bouquet to you and thanks from all the residents who have enjoyed them.

Many of the residents who had their front yard and driveway torn up last year because of the street work, have been working to level and start a lawn curbside. Some that I've noticed are Schuyler Gibson, who also has roses about to bud, the LeRoy Papendicks, the George McEvers and Phil Dunclekeys, who are redoing their whole front yard, and the lot which the Richard Moshiers are putting into yard. The grass is getting green!

The former Bear Archery building, now M-72 Plaza has undergone a major remodeling on the front and looks very attractive.

La Leche League

If you have considered breastfeeding your baby, but have questions about this womanly art, contact the Roscommon La Leche League. This month's meeting, "The Art of Breastfeeding and Overcoming Difficulties," will be held on Thursday, June 3, 7:30 p.m. at 650 Larson Court, Chapp's Manor, Roscommon. The discussion for the evening will include encouragement and information on how to establish a happy nursing relationship.

La Leche League believes breastfeeding gives the best possible start in good mothering and helps to develop and deepen the close relationship between a mother and her child.

A series of meetings are held in members' homes, to acquaint those interested with the physical, practical, and psychological sides of breastfeeding. Expectant mothers are encouraged to attend the series before the baby arrives. Nursing babies are always welcome. For further information, or for breastfeeding help, call Carolyn Crist at 275-8431.

ABWA Meet

The American Business Women of America meeting was called to order by our president, Sally Hartig, at the Holiday Inn.

Kathy Parkinson was our guest speaker for the evening. She talked about scholarships and how they helped her in her schooling at Big Rapids these past two years.

We had nine guests at our meeting with four of them coming from Gaylord.

The four guests were the officers of the new A.B.W.A. chapter formed in Gaylord this past month. They have chosen "The Northernaires" as their name. We are happy to welcome them into our territory.

Mickey Perez was elected "Boss" of the year. This is the first time a woman has been elected and also a first member of our club.

A rummage and bake sale will be held on May 29th at Van's Lumber gray house. The meeting was closed at 9:30.

DIP THE COLORS

Only symbolically can a nation say "Thank You" to those who have paid with their lives for its freedom. To dip the colors in the presence of a hero is a tribute whose meaning is not lost among those who honor patriotism and courage.

In the United States and Canada and among free men and women everywhere, our sacred trust is to make the best possible use of the freedom others have bought for us.

Not everywhere are men free to believe, to worship, to serve God as well as country! Having a Faith to live by... and striving each day to live by that Faith... these, more than dipping the colors, keep faith with our heroes.

Arts & Crafts, Grab-It-Giveaway Set this Weekend

An Arts and Craft Bazaar and Grab-It-Giveaway will be held Saturday and Sunday, May 29 and 30, at the Grayling Mini-Mall. All proceeds from the grab-it-giveaway will go to the Mount Hope church.

The grab-it-giveaway works this way: items are placed on a table at the beginning of the day with prices on them. Each hour the price is reduced. At the end of the day, the items are free and the first person to grab them takes them home. Items may be purchased anytime during the day as their prices are marked down.

Besides the grab-it, some of the arts and crafts booths at the Mini-Mall will feature pottery, photography, homemade quilts, and woodworking. The bazaar and grab-it will open at 9 a.m. each day and run until 6 p.m.

Receives Promotion

Sidney J. Canfield, son of John W. and Sue M. Canfield of 304 Chestnut St., Grayling, has been appointed a sergeant in the U.S. Air Force.

The new non-commissioned officer completed training in management, in leadership, human relations and NCO responsibilities, before being awarded this status.

Canfield is an aircraft maintenance specialist with the 410th Organizational Maintenance Squadron at K.I. Sawyer Air Force Base, Mich.

He is a 1978 graduate of Grayling High School.

His wife, Vicky, is the daughter of Ronald F. and Judy Eberts, also of Grayling.

Speaker at Breakfast Meeting

How to fill a completed city that has no residents or workers was the theme recently of a talk given by Robert Risk, director of the Base Conversion Authority of Kincheloe Air Force Base.

Riski spoke at a breakfast meeting in Grayling sponsored by the Industrial Development Committee of the Grayling Regional Chamber of Commerce. He told the group of industrialists, commercial business owners and merchants that filling the base after the air force left the area necessitated the development of residential as well as business opportunities at the same time.

He noted that there were 1,200 empty houses and 180 buildings that could be used to house industry at the base.

He said that once the federal government cleared out of the area it became much easier to manage the development.

Riski actually is an employee of the Michigan State Commerce Dept. and as such travels the state to some extent talking to groups about economic development. In that vein, he told the Grayling area people that they must not forget some of the little things when prospecting for new industry. He said an industrialist who is interested in locating a plant in an area is not just concerned about the work day. He commented that employers are also interested in such things as the Little League, school system, social activities and recreation.

Riski also warned against giving too much tax abatement to entice new industries. He noted that it is difficult to draw the line between one company and another when a tax break decision comes along.

Following graduation, he plans to join the McDonnell Douglas Aircraft Company as an associate engineer working in the ground support equipment engineering department located in St. Louis, Missouri.

Teacher: Albert, tell us where the English Channel is. Albert: I don't know. I can't find it on my TV set.
